An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the Claims:

Please cancel nonelected claims 64-65, 69.

This application is in condition for allowance except for the presence of said claims above directed to a non-elected invention without traverse. Accordingly, the claims have been cancelled.

The following is an examiner's statement of reasons for allowance:

The Leskela Declaration dated 9/6/06 was deemed persuasive in stating that Elers materials were not organometallic (paragraphs 7-11). Hence, the definition of organometallic is such that the materials of Elers would not fit such a definition.
